FRIENDS CATERING STANDARDS

EXECUTIVE DROP OFF

Food is professionally packaged in disposable aluminum pans for convenient transport and simple set up / clean up. Our culinary concierge delivers the food accompanied with wire racks, sternos, and disposable chafers. The team member ignites the burners, fills the water pans, sets the food on the burners and assembles the buffet/ or lunch box line. Upon completed set up, our team exits for you all to enjoy.

** Disposable plates, cutlery, condiments, and serviceware are included

FULL SERVICE

Our Full-Service Catering offers a seamless, elevated dining experience from start to finish. The Friends Catering team provides full event setup with chrome chafers, buffet décor, and melamine plating or glass goblets—unless disposable serviceware is requested. During service, our team plates each guest's meal and guides them through the buffet line for a smooth, personalized experience. After service, we complete all cleanup, leaving your event space spotless and stress-free. We pack down all leftover food in disposable containers for your guests to self serve

FRIENDS SIGNATURE
